FAQ & Support

What is the IT Training Fund?

A new \$4.75M Educational Fund was created to provide training to members as part of the IT Group's latest collective agreement.

The challenge for the IT Group Executive and the Treasury Board Secretariat was making that fund available everywhere in a meaningful way.

The solution is Navigator, giving all members on-demand access to leading training providers for all members.

Growth & Digital Skills

Canada School of Public Service
CSPS provides a suite of training aimed at increasing on the job skills of existing public servants.

Skillsoft/Percipio
The online training provided by skillsoft has a wider range of growth skills and some technical training.

Knowledge Skills

goFluent
Language training from goFluent is our major offering to learn French, Spanish, Mandarin, and more.

Pluralsight
With a strong focus on technology and development, Pluralsight brings a lot of value to IT and related areas.

Navigar experience

Percipio and goFLUENT Access

1.

Select a Percipio training material.

You will land on the Percipio page but your password will not work. You will need to click on “Need help login in?” to set up your account.

2.

Percipio will send you an activation email.

You now have access to all Percipio training materials. All you need to do is click on “Get Started!” link to begin your journey.

3.

Explore Percipio and goFLUENT.

You are now ready to enjoy over 40,000 learning materials!

4.

Enjoy your training!

Choose from thousands of courses, books and videos to learn the skills you want the way you want.

Access Pluralsight

Once you have created your Navigar account you will receive 2 emails upon logging in:

1. The first email - subject line: *Verify your email address* - includes a link that allows you to create your free Pluralsight account
2. The second email - subject line: *PIPSC has invited you to join Pluralsight! Open for Fresh Skills* - provides you access to the free Navigar Pluralsight plan

How to access your Navigar Pluralsight Account:

01. VERIFY YOUR EMAIL
Once you log into your Navigar [account](#), you will receive an email from Pluralsight with the subject line: 'Verify your email address.'
1. Click on Verify Email
2. This will activate your free Pluralsight Account

02. ACCEPT THE INVITE
You will have also received a second email with the subject line: 'PIPSC has invited you to join Pluralsight! Open for Fresh Skills.'
1. Click on Accept Invite
2. You will be redirected to the Navigar Pluralsight Homepage and your account will be ready for use!

Frequently Asked Questions

Create Account

If you have not created a Navigar account and you are in the IT Group, you can get started using our self serve account creation process.

Please head over to <https://app.navigar.ca/login> and “create account” using your personal email address in order to activate your account.

Update Email

A personal email on file with PIPSC is required to use Navigar

To add this information, please use your work email to access our new PIPSC website and go to the My Workspace - My Account - so you can edit the contact details - this will be <https://pipsc.ca/portal/my-account>.

Please allow 5 minutes for this data to update all PIPSC systems, then create your account with the new email.

Activate Pluralsight

Once you have created your Navigar account, and logged in for the first time, you will get an activation email from Pluralsight.

If you are accessing Pluralsight and are prompted to pay for additional training this is because your Pluralsight license is not active.

If the link is expired please contact support.

Training Access

If you encounter other issues with our partners you may need to reset your password.

When logging in to Skillsoft or Pluralsight or goFLUENT, please look for the option: forgot password and reset your credentials.

If access issues persist please contact support for additional assistance.
